

**PYTHON INDUSTRIAL AUTOMATION**

**INNOVATION - TECHNOLOGY - DESIGN & MANUFACTURER**

**Manufacture & Export of  
Complete Solution of Electroplating / Surface Treatment Plant's  
& Equipment (Supply , Service Spare's)  
Special Purpose Machine -SPM**

No:23,service road, Bye-pass, Periyapanicherry Rd, Paraniputhur,  
Chennai, Tamil Nadu , India -600023.

# About Us

**PYTHON INDUSTRIAL AUTOMATION** takes pride in Introducing itself as a reputed quality manufacturer of electroplating , Surface treatments plants and allied machinery , Lab Equipment's in the global market. We are carrying out our best work in the competitive global market within the stipulated time frame and with the best workmanship over the last 10 years.

---

## Manual / Semi Automatic / Fully Automtc Plant

**PYTHON INDUSTRIAL AUTOMATION** is the complete house for electroplating plants and allied machinery. Basic raw materials are of specific parameters and the procedures are strictly followed in all our manufacturing unit. It is our assurance and guarantee that the products which we supply are the most sturdy and effective products that one can get in today's competitive marketplace. In **PYTHON INDUSTRIAL AUTOMATION**, our ideology is to focus on the product's quality which we supply to our privileged customers. A choice of varying Plant automation are available from a very simple manual process, a semi-automatic process, through to fully automated PLC based systems with human machine interfaces, and complex SCADA systems for full traceability and data logging.

PP Tank

PPH TANK

SS TANK

# Electroplating Tank / Surface Treatment Tank / ETP /STP Tank

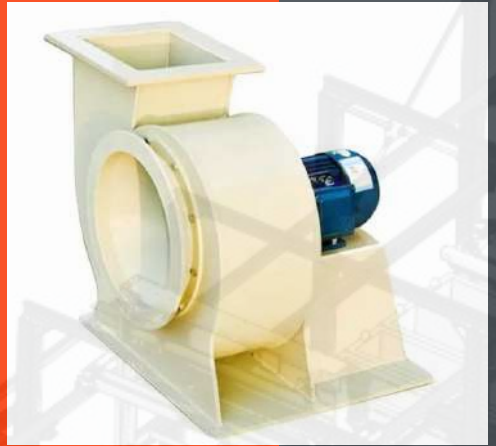

Polypropylene-(PP Tank ),  
Polystone® P homopolymer- (PPH  
Tank), Polypropelene Glass Lined  
PPGL With FRP Tank, Polyvinyl  
chloride (PVC With FRP Tank),  
Polyvinylidene fluoride (PVDF With  
FRP Tank), Mild steel (MS With FRP  
Tank),  
stainless steel (SS-304,316,316L  
Tank),  
Titanium Tank

- Shape of Tank: - Rectangle,  
Squire, Round,
- Size of Tank: - according to  
customer requirements.

Electroplating Tank  
Pickling tank  
Rinsing tank  
Dosing Tank  
Phospating Tank  
ETP / STP Tank  
Chemical storage Tank

PP,PPH Tank - 10mm -30mm Thk  
PVC,PPGL,PVDF -5mm -15mm Thk  
SS 304,316-L - 1mm to 6mm  
MS With FRP - 2mm to 10mm

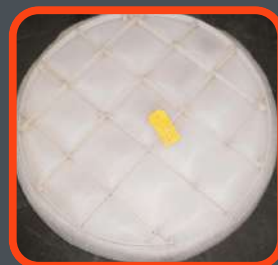

Welding Type:-Rod Electro fusion,  
Extrusion Welders, TIG ,MIG.
